

To Whom it may concern:

Effective July 1st, 2022, PROSOCO, Inc. will have new names for some of our Sure Klean® Weather Seal Blok-Guard® & Graffiti Control products. Some of those changes have already been made, but all name changes will be completed July 1st.

We apologize for any confusion this may cause, but we believe this will more accurately describe our Blok-Guard® & Graffiti Control products. Rest assured, the products are still the same high-quality products from before, just with a new name.

The name changes are as follows:

Old Name	→	New Name
Blok-Guard® & Graffiti Control	→	Blok-Guard® & Graffiti Control 9
Blok-Guard® & Graffiti Control Ultra	→	Blok-Guard® & Graffiti Control VOC 9
Blok-Guard® & Graffiti Control Ultra 15	→	Blok-Guard® & Graffiti Control VOC 15
Blok-Guard® & Graffiti Control II	→	Blok-Guard® & Graffiti Control WB 6

Note: Blok Guard® & Graffiti Control WB 15 and Blok Guard® & Graffiti Control 15 will keep their same names.

For instance, the Blok-Guard® & Graffiti Control 9 and 15 are the normal solvent-based formulas. The Blok-Guard® & Graffiti Control VOC 9 and VOC 15 are the VOC compliant solvent-based formulas. Lastly, the Blok-Guard® & Graffiti Control WB 6 and WB 15 are the water-based formulas. The new names indicate the base/carrier and solids content of the materials as illustrated below.

Blok Guard Product Family

which product is right for your project

The following products are ranked on a scale of 1-5, with 1 being the lowest performance (OK to use, but not preferred) and 5 being the highest performance (most effective for the task).

Product Name	Solids Content	Base/Carrier	Water Resistance	Graffiti Resistance
Blok-Guard & Graffiti Control WB 6	6%	Water	5	2
Blok-Guard & Graffiti Control WB 15	15%	Water	5	5
Blok-Guard & Graffiti Control 9	9%	Solvent	5	3
Blok-Guard & Graffiti Control 15	15%	Solvent	5	5
Blok-Guard & Graffiti Control VOC 9	9%	VOC Exempt Solvent	5	4
Blok-Guard & Graffiti Control VOC 15	15%	VOC Exempt Solvent	5	5

As always, we thank you for your continued business.

Regards,

Jake Boyer
