

**Hebron Brick**  
**Hebron, ND**  
**Executive Summary**  
Project No. 1812-01

One type of clay “Overture” brick was submitted to AMT Laboratories by PROSOCO, Inc. with a request to determine the most appropriate new construction cleaner.

The laboratory report (1812-01 PTP Hebron Brick) provides information about the PROSOCO® products tested and descriptions of the test methods. The report includes test results as well as conclusions and recommendations. Recommendations are also provided in the chart below.

**Recommendations:**

<b>Sample</b>	<b>New Construction Cleaning</b>
“Overture” Brick	Enviro Klean® 2010 All Surface Cleaner (1:10) (Recommended for general soiling) OR Sure Klean® Vana Trol® (1:6) or (1:8) (Recommended for mortar smear removal) OR Use Enviro Klean® Safety Klean (1:2) or (1:3) (Recommended for mortar smear removal)

Apply all products in accordance with the manufacturer's recommendation provided on container labels and product data sheets. On-site testing should be conducted to determine the most appropriate product and procedures for a particular project. See product literature for additional application and product information.
