

Indiana Limestone Company
Bloomington, IN
Executive Summary
 Project No. 1903-05

One type of limestone was submitted to AMT Laboratories by PROSOCO, Inc. with a request to determine the most appropriate new construction cleaner. Additionally, water repellent, graffiti resistant, and stain repellent products suitable for the samples were evaluated.

The laboratory report (1903-05 PTP Indiana Limestone Company) provides information about the PROSOCO® products tested and descriptions of the test methods. The report includes test results as well as conclusions and recommendations. Recommendations are also provided in the chart below.

Recommendations:

Sample	New Construction Cleaning	Water Repellency	Graffiti Resistance	Stain Repellency
