

Saturn Materials, LLC
Columbus, MS
Executive Summary
 Project No. 1906-04

Five types of concrete facing brick and one split face large veneer were submitted to AMT Laboratories by PROSOCO, Inc. with a request to determine the most appropriate new construction cleaner. Additionally, water repellent and graffiti resistance products suitable for the samples were evaluated.

The laboratory report (1906-04 PTP Saturn Materials, LLC) provides information about the PROSOCO® products tested and descriptions of the test methods. The report includes test results as well as conclusions and recommendations. Recommendations are also provided in the chart below.
