

## Acme Brick Company Fort Worth, TX

## Executive Summary Project No. 2308-04

Three types of Agrob Buchtal KeraTwin Panels were submitted to AMT Laboratories by PROSOCO, Inc. with a request to determine the most appropriate new construction cleaner. Additionally, color and sheen enhancement, water repellent, graffiti resistant, and stain resistant products suitable for the "396" terracotta panel were evaluated.

The laboratory report (2308-04 PTP Acme Brick Company) provides information about the PROSOCO® products tested and descriptions of the test methods. The report includes test results as well as conclusions and recommendations. Recommendations are also provided in the chart below.

## **Recommendations:**

Sample	New Construction Cleaning	Color and Sheen Enhancement	Water Repellency	Graffiti Resistance	Stain Resistance
