

Techo-Bloc – Natural Stone and Manufactured Stone
Saint-Hubert, Quebec
Executive Summary
 Project No. 2402-07

Three types of natural stone and two types of manufactured stone were submitted to AMT Laboratories by PROSOCO, Inc. with a request to determine the most appropriate new construction cleaner. Additionally, color and sheen enhancement and water repellent products suitable for natural stone were evaluated.

The laboratory report (2402-07 PTP Techo-Bloc – Natural Stone and Manufactured Stone) provides information about the PROSOCO® products tested and descriptions of the test methods. The report includes test results as well as conclusions and recommendations. Recommendations are also provided in the chart below.

Recommendations:

Sample	New Construction Cleaning	Maintenance Cleaning	Color and Sheen Enhancement	Water Repellency
