

## Belden Tri-State Building Materials Saddle Brook, NJ

Executive Summary Project No. 2403-06

Nine types of clay brick were submitted to AMT Laboratories by PROSOCO, Inc. with a request to determine the most appropriate new construction cleaner. Additionally, water repellent and graffiti resistant products suitable for clay brick were evaluated.

The laboratory report (2403-06 PTP Belden Tri-State Building Materials) provides information about the PROSOCO® products tested and descriptions of the test methods. The report includes test results as well as photographs, conclusions, and recommendations. Recommendations are also provided in the chart below.

## Recommendations:

Sample	New Construction Cleaning	Water Repellency	Graffiti Resistance
