

Tralongo Precast, Inc.
Schenectady, NY
Executive Summary
 Project No. 2604-04

Three types of precast concrete panels/cast stone panels were submitted to AMT Laboratories by PROSOCO, Inc. with a request to evaluate the color and sheen enhancing characteristics of specific PROSOCO, Inc. products when applied to the submitted samples. Additionally, water repellent and stain resistant products suitable for the precast concrete panels were evaluated.

The laboratory report (2604-04 PTP Tralongo Precast, Inc.) provides information about the PROSOCO® products tested and descriptions of the test methods. The report includes test results as well as conclusions and recommendations. Recommendations are also provided in the chart below.

Recommendations:

Sample	Color and Sheen Enhancement	Water Repellency	Stain Resistance
