RE: Build America Buy America Act

PROJECT NAME:

Date:

Thank you for your inquiry regarding whether PROSOCO's Thru-Wall Flashing meets the requirements of the Build America Buy America Act (BABA). This product features plastic and acrylic adhesive as its base materials, with over 55% sourced entirely from the United States of America. The flashing is manufactured at our mill in Sanford, Maine.

These products all exceed the minimum percentages required by BABA for component costs.

If you have any questions or need assistance with this project, please don't hesitate to let us know.

Best regards,

A handwritten signature in black ink that reads "Demian Weaver". The signature is written in a cursive, flowing style.
