

PROSOCO

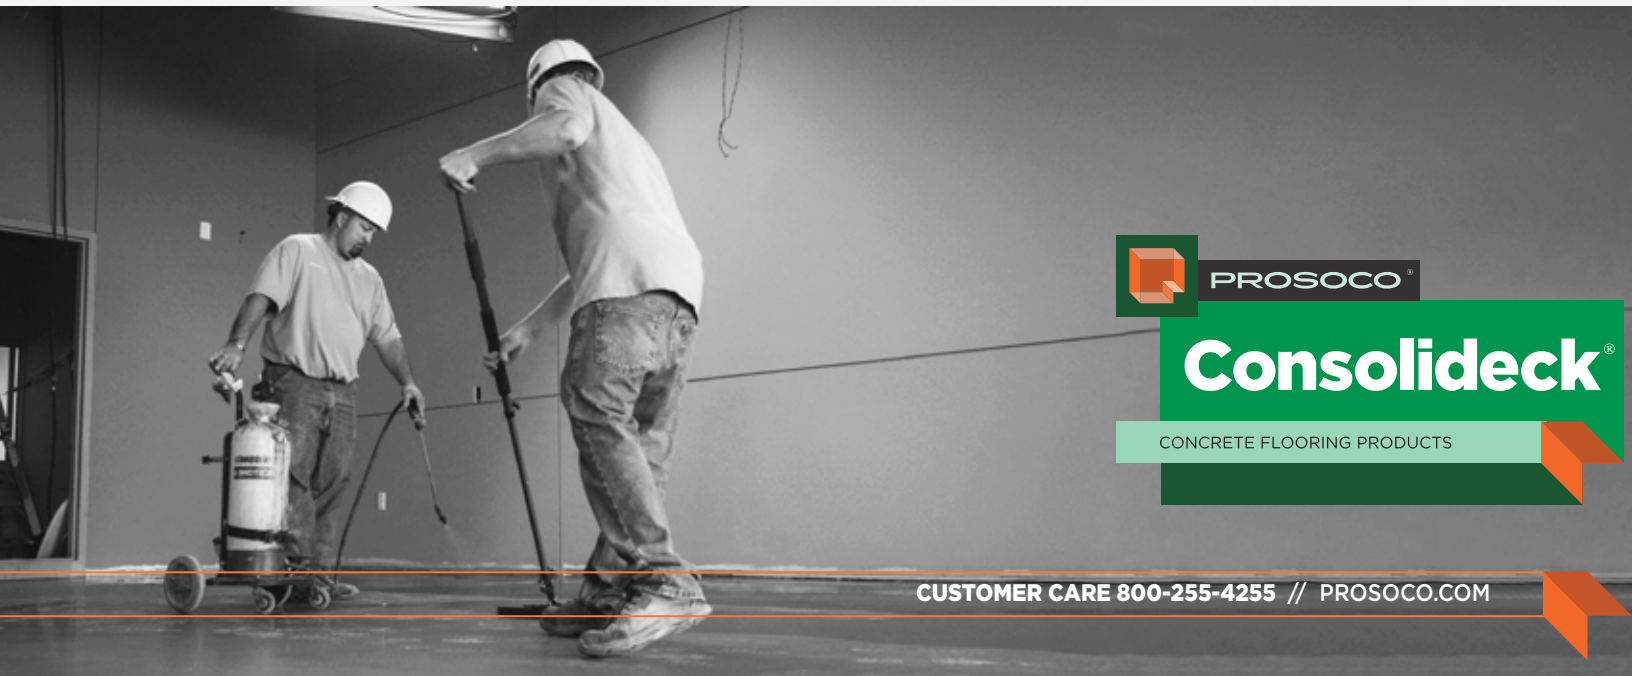

ALL PURPOSE MICROFIBER PAD

- All Purpose 18" Application Pad
- Specifically made for spreading material ultra-thin.
- Works wet or dry, for cleaning or coating.
- Machine washable. After application, just rinse out and put the pad in a bucket of water until you can wash it. Comes back like new.
- Looped pile microfiber weave lets the pad glide across the floor quickly, smoothly and easily. There are no snags or hang-ups as with standard terry cloth or sponge applicators, or cotton mops.
- Won't leave fabric fibers on floor

FRAME & HANDLE COMBO

- Heavy duty aluminum handle
- Fast, easy turn and lock extension system.
- Applicator head built with riveted velcro for easy use & durability.
- Available in 59" solid and 72" adjustable options
