

A SAFER CHOICE FOR CLEANING

Enviro Klean® Klean 'N Release Cleaner meets EPA Safer Choice direct-release criteria for products with outdoor uses. This fragrance-free, all-purpose cleaner and degreaser is safe enough for daily cleaning of interior and exterior hard surfaces like stone, tile, masonry and metal found in kitchens and bathrooms, as well as on patios, sidewalks and driveways. It's also strong enough for general cleaning in new construction and safe enough for historic restoration projects.

SAFER

Klean 'N Release Cleaner is formulated to be safer for: people, the environment, plants, lawns, pets and wildlife.

MULTI-PURPOSE

Klean 'N Release Cleaner works on: natural stone, limestone, marble, granite, masonry, tile, metal and windows.

BIODEGRADABLE

Klean 'N Release Cleaner is formulated to be safer for workers and the environment by using readily biodegradable ingredients.

Klean 'N Release Cleaner meets EPA Safer Choice direct-release criteria for products with outdoor uses.

Please follow all labeled instructions.

Safer Choice is a voluntary program of the EPA that certifies products containing ingredients that meet rigorous human health and environmental criteria.

EPA Safer Choice-certified products contain safer ingredients, without sacrificing quality or performance.

Safer Choice-certified products are safer for:

- You, your family, and pets;
- Workers' health
- Fish and other wildlife; and
- The environment.
