These colors are for representation only.
Color results cannot be guaranteed. Actual colors may vary. Test samples must be applied.

DON'T RISK YOUR POLISHED OVERLAYS.

Get consistent, even results with Consolideck® Integral Color for Overlays, a pre-measured liquid color concentrate specially formulated to mix with overlays and polishable overlays. When added integrally to overlays, the colors create attractive and renewable hard surface floors.

Contact your representative to see our integral colors in person. Free on-site demos and trainings available.

COLOR WITH CONFIDENCE

A UV-resistant, easy-to-use liquid colorant produces even and consistent color results.

SAFER THAN POWDERS

Forgo the mess of powders with a liquid formula in convenient 10-ounce packages. Water-based and easy to ship.

SYSTEM COMPATIBILITY

Works seamlessly with PROSOCO's full line of densifiers and protective treatments.
