

EXTEND THE LIFE OF YOUR PARKING STRUCTURE

Whether your parking garage is in the planning stages or decades old, these structures endure endlessly punishing conditions that diminish their lifespan.

DIRT, GRIME, AND STAINS

Light Duty Concrete Cleaner

OIL STAINS

Oil & Grease Stain Remover with Cleaner/Degreaser

DEICING SALTS

Saltguard®, Saltguard® WB, and Saltguard® VOC

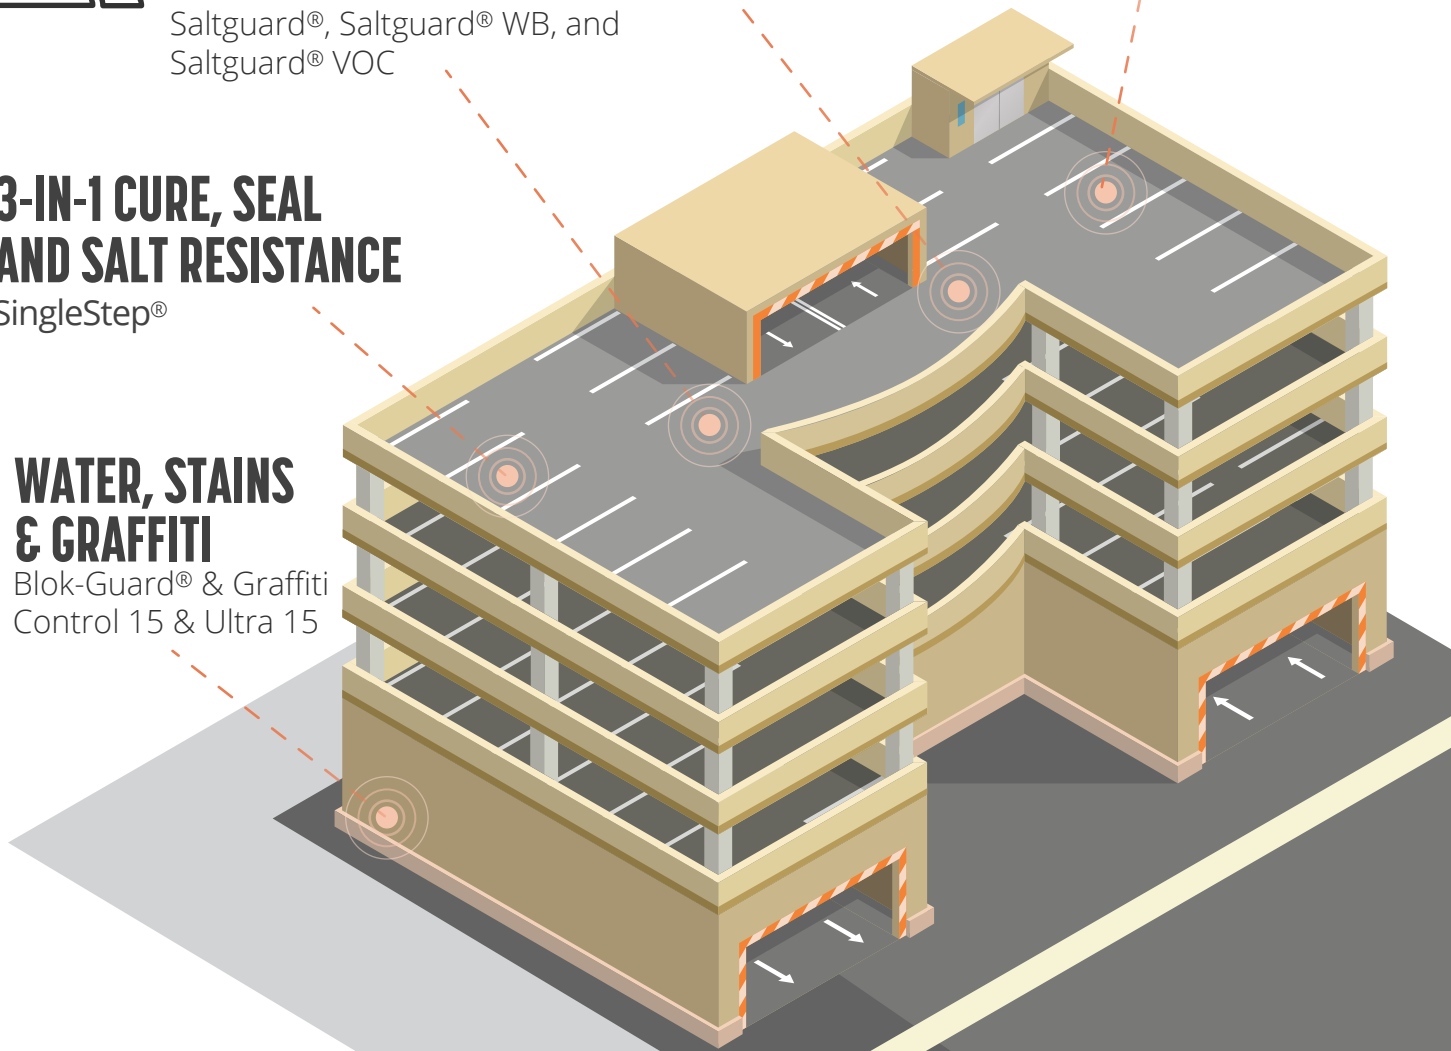

3-IN-1 CURE, SEAL AND SALT RESISTANCE

SingleStep®

WATER, STAINS & GRAFFITI

Blok-Guard® & Graffiti Control 15 & Ultra 15

START WITH SINGLESTEP

PROSOCO SingleStep® is an acrylic-silicone blend for curing and weatherproofing new and existing concrete in one easy step. SingleStep quickly penetrates to form a water-repellent gel in the pores and a semi-glossy film on the surface. This film helps keep concrete moist until it reaches maximum hardness. The cured concrete resists damaging water penetration, salts, de-icer chemicals and acids.

FOR NEW CONSTRUCTION

3-IN-1 CURE, SEAL AND SALT RESISTANCE IN A SINGLE APPLICATION AND TRAFFIC READY AFTER 24 HOURS.

EASY

A fast and effective alternative to products that require costly and time consuming processes

SIMPLE

Eliminates the need to strip curing compound and later apply water repellent

LASTING

Keeps harmful de-icing salts out of concrete and maintains siloxane components to ensure long-term performance

**LONG LASTING PROTECTION
FROM DAY ONE.**

PROTECT & CLEAN VULNERABLE SURFACES

Blok-Guard® & Graffiti Control 15 & Ultra 15 are high-performance, clear, solvent-based silicone elastomers formulated to weatherproof concrete block and other porous masonry materials. Blok-Guard protects masonry surfaces from high-traffic stains and repeated graffiti attacks with little to no change to the natural appearance. Graffiti Remover easily cleans away spray paint and marker attacks. **Blok-Guard also helps control efflorescence, mildew and other moisture-related stains.**

*ALL-IN-ONE WATER AND
GRAFFITI PROTECTION!*

EXTRACT EMBEDDED OIL STAINS

Oil & Grease Stain Remover is a poultice cleaner for pulling embedded oil and grease stains out of pavers, concrete, stone and other porous surfaces. It's ready to use; no mixing, troweling, plastic covering or tape needed. As the poultice dries, it pulls the contaminants out of the substrate. It removes motor oil, brake and power-steering fluids, anti-freeze, hydraulic fluids, cooking oils, food grease and other oil-based stains.

KEEP IT IN YOUR CLEANING TOOLKIT ALONG WITH CLEANER/DEGREASER FOR A 1-2 PUNCH!

PREVENT PREMATURE CONCRETE DETERIORATION

Saltguard VOC is a water repellent and chloride screen for concrete and masonry, including concrete block, and clay and concrete brick surfaces. It protects horizontal and vertical surfaces from moisture intrusion and chemical attack of chloride salts to reduce rebar corrosion and surface spalling. Saltguard VOC is compliant for use in cooler climates. Saltguard VOC may be used on horizontal surfaces such as sidewalks, tile and brick pavers.

*AVAILABLE IN THREE FORMULATIONS TO FIT
THE REQUIREMENTS OF YOUR JURISDICTION.*

**GREAT FOR CLEANING
SURFACE RUST**

CLEAN A VARIETY OF SURFACES

Light Duty Concrete Cleaner is a general-purpose, non-etching acidic cleaner that removes rust, mud, atmospheric dirt, mortar smears and other stains without altering the surface texture. Light Duty Concrete Cleaner removes every day and atmospheric staining from a variety of substrates, including smooth architectural and engineered concrete, custom masonry, concrete brick, manufactured stone and decorative pavers.

**EFFECTIVE ON MANUFACTURED STONE,
NATURAL STONE, BRICK, CONCRETE AND MORE!**
