

# A better cleaner for Type 1L and other ASTM C595 cements

Consolideck® BD Klean 595 is a maintenance cleaner specifically designed for concrete floors, especially those containing Type 1L and other ASTM C595 cements. This specialized blend of degreasers and detergents removes most common soiling found on concrete floors. It is ideal for bare concrete floors, everywhere from warehouses and manufacturing plants to schools, stores, hospitals, restaurants, and more.

## FLEXIBLE DILUTION

Flexible dilution for both surface and deep cleaning.

## BIODEGRADABLE

Readily biodegradable. Low toxicity.

## MAINTAINS SHINE

Helps maintain concrete floor hardness and shine.
