

CLEANING & PROTECTING BUILDINGS

PROSOCO

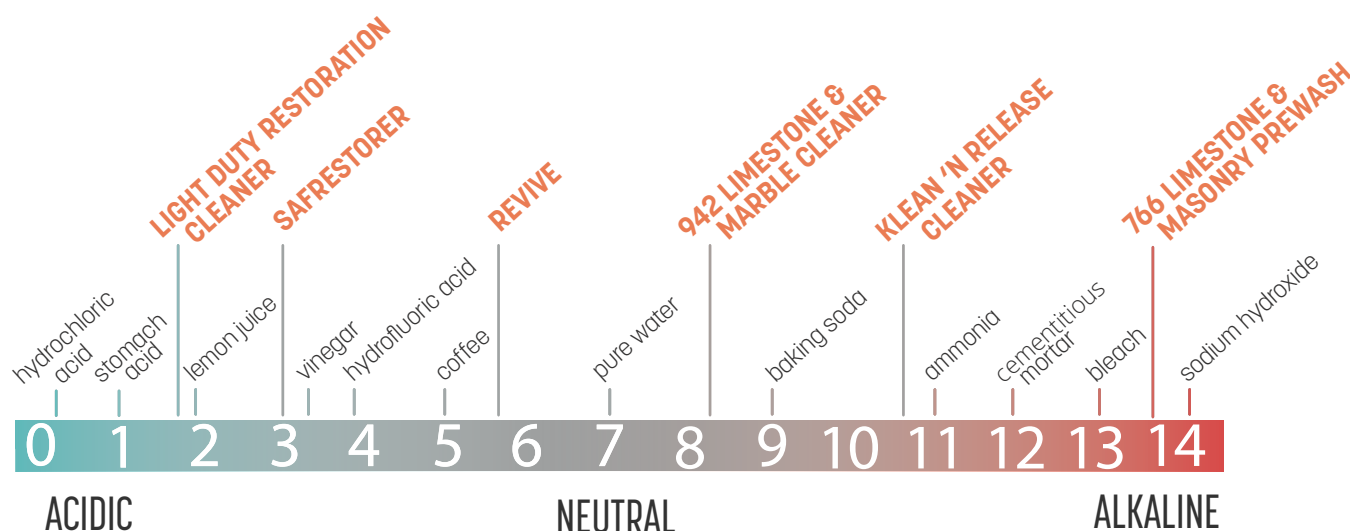

Know your masonry. Know your cleaner.

The chemical composition of calcareous masonry (like limestone, marble, or travertine) is much different than siliceous masonry (like clay brick or sandstone). Using the wrong cleaner on the wrong substrate can cause irreparable damage to your building.

PROSOCO makes a large selection of cleaning products, each one designed with a slightly different chemical makeup to achieve a different cleaning task. We always recommend starting with the mildest cleaner at the mildest dilution and increasing the strength as necessary.

GOOD	FAIR	NO	CLAY BRICK	CONCRETE BLOCK		CONCRETE	MFG STONE	GRANITE		SANDSTONE	LIMESTONE		MARBLE		TRAVERTINE		PRO TIPS
				Burnished				Polished	Unpolished		Polished	Unpolished	Polished	Unpolished	Polished	Unpolished	
Safety Klean																	A safe yet effective alternative to traditional acids. Non-fuming and safe for interior cleaning.
Light Duty Concrete Cleaner																	Cleans efflorescence, rust, mud and light mortar smears. Ideal for smooth architectural concrete.
Vana Trol																	Best choice for light-colored or buff brick, natural stone or masonry with colored mortar.
600																	Go-to cleaner since 1956 for standard red brick and uncolored mortar.
101 Lime Solvent																	Best choice for dark brick that isn't subject to metallic staining.
Custom Masonry Cleaner																	Ideal for textured masonry and colored concrete. CMC helps uniformly expose the true, through-body color.
Heavy Duty Concrete Cleaner																	Ideal for textured concrete surfaces and can be used to create a weathered look on smooth concrete.

NEW CONSTRUCTION CLEANERS

101 Lime Solvent

CLEANS DARK-COLORED BRICK

A concentrated acidic cleaner that removes construction dirt and excess mortar with simple cold water rinse. 101 Lime Solvent removes efflorescence from new brick and new stone construction.

Custom Masonry Cleaner

CLEANS COLORED BLOCK AND CONCRETE

Removes concrete splashes, excess mortar, mud, retarders, efflorescence, stains, rust and surface soiling from textured custom masonry surfaces.

Tilt-Up Klean

CLEANS RESIDUES AND PREPS TILT-UP

Removes bond-breaker residue from tilt-up or off-form concrete surfaces prior to application of paints, coatings, or protective treatments.

600

CLEANS RED BRICK

The No. 1-selling proprietary cleaner for new masonry. This concentrated acidic cleaner dissolves mortar smears & construction dirt quickly, leaving the masonry clean and uniform.

Safety Klean

ALTERNATIVE TO TRADITIONAL ACIDS

It rids new brick, concrete, tile & stone of excess mortar, dirt, efflorescence and other job-site staining and soiling.

Vana Trol

CLEANS COLORED BRICK

Cleans masonry surfaces that are subject to vanadium, manganese and other metallic stains. This acidic cleaner simplifies rinsing and reduces potential for efflorescence.

PAINT & COATING REMOVERS

Dicone NC9

REMOVES SILICONE SEALANTS

This liquid silicone "digestant" removes silicone-based sealants and adhesives; and cured silicone elastomers. Perfect for water repellent overspray on horizontal surfaces & light sealant removal.

CLEANS BRICK, CONCRETE, NATURAL STONE & MORE

Dicone NC15 Gel

REMOVES SILICONE SEALANTS

This gelled silicone "digestant" removes silicone-based sealants and adhesives; and cured silicone elastomers. NC15 is perfect for water repellent overspray on vertical surfaces & heavy sealant removal.

CLEANS BRICK, CONCRETE, NATURAL STONE & MORE

Graffiti Remover

REMOVES GRAFFITI FROM MANY SUBSTRATES

Removes a variety of graffiti media, including spray paints and magic marker from masonry. It contains no methanol, methylene chloride or other halogenated solvents, and is compliant with all VOC regulations.

CLEANS MASONRY, CONCRETE, WOOD & METAL

Heavy Duty Paint Stripper

REMOVES LAYERS OF PAINT & GRAFFITI

Dissolves heavy accumulations of paint to restore old masonry to its original appearance. This slow-working, extended-contact remover remains active for 24 hours.

CLEANS BRICK, LIMESTONE, TERRA COTTA & MORE

Safety Peel 1

ENVIRONMENTALLY RESPONSIBLE PAINT REMOVER

This solvent paste removes paint, graffiti and clear coatings. As it dries, it traps hazardous paint solids, which are then "peeled" from the surface along with the paste, simplifying containment and disposal.

CLEANS MASONRY, CONCRETE, WOOD & METAL

SafStrip

GEL-BASED COATING REMOVER

Quickly removes most paints and clear coats without the use of methylene chloride or methanol. SafStrip dissolves high-strength paints, coatings, marking pens, spray paints & lacquers.

CLEANS CONCRETE, BRICK, LIMESTONE, MARBLE & MORE

SafStrip 8

NEUTRAL PH PAINT STRIPPER

SafStrip 8 removes oil-based alkyd paints, acrylics, clear sealers, spray paints, marking pens, and lacquers without the use of methylene chloride or methanol. Great for interior use.

CLEANS MASONRY, CONCRETE WOOD & METAL

MASONRY RESTORATION CLEANERS

1260 Limestone & Marble Poultice

PULLS STAINING OUT OF SENSITIVE MASONRY

This poultice literally pulls deep-seated oil, dirt, harmful salts and other embedded stains out of the masonry pores and absorbs them into the paste. Ready for interior use.

CLEANS LIMESTONE & MARBLE

2010 All Surface Cleaner

CLEANS ALMOST ANY SURFACE

A cleaner and degreaser for light-to-heavily soiled stone, tile, masonry and concrete. 2010 is powerful and versatile enough to replace a host of individual cleaning agents. Ready for interior use.

CLEANS ALL VARIETIES OF STONE, TILE & MASONRY

766 Limestone & Masonry Prewash

CLEANING GEL FOR THE DIRTIEST SURFACES

This strong alkaline-based cleaning compound removes heavy, deep-seated carbon and mildew stains. Not for use on polished surfaces. Must be neutralized.

CLEANS BRICK, TERRA COTTA, SANDSTONE & LIMESTONE

Limestone & Masonry Afterwash

NEUTRALIZES AND BRIGHTENS

A mild, organic acid cleaning compound, Limestone & Masonry Afterwash neutralizes and brightens surfaces that have been pre-washed with 766 Limestone & Masonry Prewash.

CLEANS BRICK, TERRA COTTA, SANDSTONE & LIMESTONE

942 Limestone & Marble Cleaner

NON-ACIDIC ALKALINE CLEANING GEL

Designed for removing moderate to severe atmospheric staining, this low-odor gel cleaner is appropriate for use on exterior or interior masonry surfaces.

CLEANS MOST POLISHED OR UNPOLISHED MARBLE & LIMESTONE

Cleaner/Degreaser

VERSATILE CLEANER THAT CAN BE DILUTED

Removes oil & grease films, adhesive tape residues & tire marks from concrete floors without using harsh acids, caustics, or solvents.

CLEANS CONCRETE

DriKlean

CLEANS WITHOUT WATER

Peelable cleaner designed for use where traditional liquid cleaners cannot be used. Brush it on, and once it dries, both the cleaner and the soiling are easily peeled away.

CLEANS BRICK, CONCRETE, STONE & MOST OTHER MASONRY

EK Restoration Cleaner

NEAR-NEUTRAL PH POLLUTION REMOVER

This practical alternative to conventional acidic cleaners dissolves tough carbon deposits and other atmospheric staining.

CLEANS BRICK, GRANITE, SANDSTONE & OTHER MASONRY

Klean 'N Release Cleaner

US EPA SAFER CHOICE-CERTIFIED CLEANER

This all-purpose cleaner & degreaser is safe enough for use on historic preservation & restoration projects yet strong enough for new construction.

CLEANS CONCRETE, PAVERS, STONE & OTHER POROUS SURFACES

Heavy Duty Concrete Cleaner

FOR ALL TYPES OF STAINING ON CONCRETE

Removes concrete splashes, excess mortar, retarders, heavy efflorescence, embedded stains, rust and surface soiling from concrete surfaces. Not for use on polished surfaces.

CLEANS CONCRETE, CONCRETE BLOCK & PRECAST

Heavy Duty Restoration Cleaner

CLEANS HEAVY ATMOSPHERIC STAINING

This acidic cleaning compound dissolves heavy carbon and many other stains commonly found on masonry buildings in highly polluted areas.

CLEANS BRICK, GRANITE, TERRA COTTA & MORE

Light Duty Concrete Cleaner

GENERAL PURPOSE STAIN REMOVER

Removes rust, mud, mortar smears, common construction dirt, atmospheric staining, and many other types of stains.

CLEANS CONCRETE, CMU, MANUFACTURED STONE & PAVERS

MASONRY RESTORATION CLEANERS

Light Duty Restoration Cleaner

GEL-BASED CLEANER FOR EASY CONTAINMENT

Safely removes light to moderate atmospheric and oxidation staining from dense masonry surfaces, and removes calcium (concrete) stains, white scum and other staining from most window glass.

CLEANS BRICK, CONCRETE & MANUFACTURED STONE

Limestone Restorer

SAFELY REMOVES STAINING FROM LIMESTONE

This concentrated acidic cleaner safely removes atmospheric dirt, mildew and many other surface stains without the risk of bleaching or discoloration.

CLEANS LIMESTONE, MARBLE, & TRAVERTINE

Liquid Marble Cleaner

CLEANS POLISHED OR GLAZED MASONRY

A non-acidic, phosphate-free, low-odor gel loosens and dissolves surface dirt, carbon buildup and other atmospheric stains, allowing them to be washed away with a simple water rinse.

CLEANS LIMESTONE, POLISHED & GLAZED MASONRY

Marble Poultice

VERSATILE POULTICE CLEANS DEEP-SET STAINS

Safely draws oil, dirt and other deep-set stains from polished stone and porous masonry surfaces. Spent poultice paste is easily removed with a damp sponge or low-volume water rinsing.

CLEANS POLISHED STONE & POROUS MASONRY SURFACES

Oil & Grease Stain Remover

PULLS OIL & GREASE STAINS OUT OF SURFACES

After this cleaner is poured onto an embedded stain, it spreads out to make an instant poultice. As the poultice dries, it pulls the contaminants out of the substrate.

CLEANS CONCRETE, PAVERS, STONE & MORE

Poultice Additive

PULLS OUT SALTS AND METALLIC STAINING

Removes certain metallic salts and other deep staining from natural stone and masonry surfaces. Designed to be mixed with PROSOCO Marble Poultice.

CLEANS NATURAL STONE & MASONRY SURFACES

ReKlaim Cleaner / ReKlaim Activator

CLEANS HEAVY BIOLOGICAL STAINING

ReKlaim removes biological and atmospheric staining, including difficult mold and mildew staining on masonry in humid environments.

CLEANS LIMESTONE, MARBLE, CONCRETE & MORE

Restoration Cleaner

FOR REMOVING ATMOSPHERIC STAINING

This carbon-solubilizing cleaner loosens and dissolves dirt, paint oxidation, carbon buildup and other atmospheric pollutants. Not for use on limestone, marble, or travertine.

CLEANS BRICK, GRANITE, SANDSTONE, & TERRA COTTA

ReVive

MILD CLEANER FOR MOLD & MILDEW

This highly efficient alternative to aggressive masonry cleaners removes mold, mildew, and atmospheric stains from all types of masonry.

CLEANS STONE, CONCRETE, BRICK, WOOD, & MORE

SafEtch

PREPS CONCRETE FOR OTHER COATINGS

Removes common construction and atmospheric staining, including excess grout and mortar modified with latex or other acrylic additives.

CLEANS & ETCHES CONCRETE

SafRestorer

SAFELY CLEANS MOST SUBSTRATES

Removes stubborn atmospheric and carbon staining and restores buildings soiled by decades of auto exhaust and other pollutants. It even gets rid of hard-to-remove white scum on window glass.

CLEANS STONE, MASONRY, LIMESTONE & MARBLE

ReVeal

EFFECTIVE HYDROFLUORIC-ACID-FREE CLEANER

Removes stubborn atmospheric and carbon staining on masonry and stone. It reveals the intended appearance of buildings soiled by decades of auto exhaust and other air pollutants.

CLEANS CONCRETE, BRICK, LIMESTONE, TERRA COTTA, & MORE

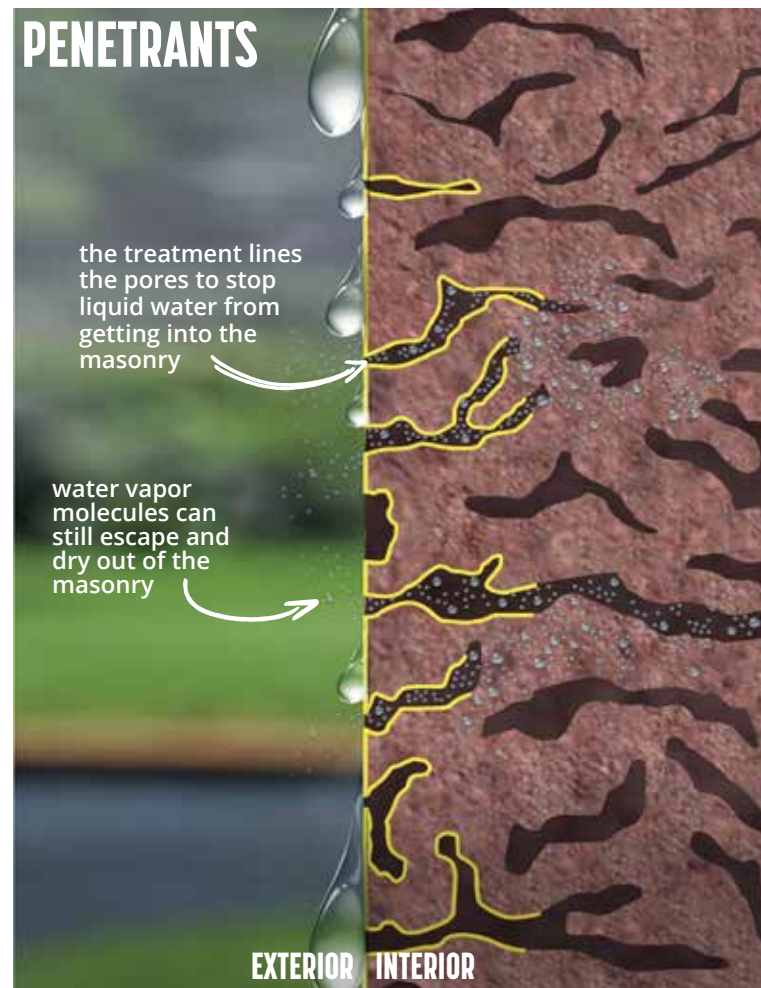

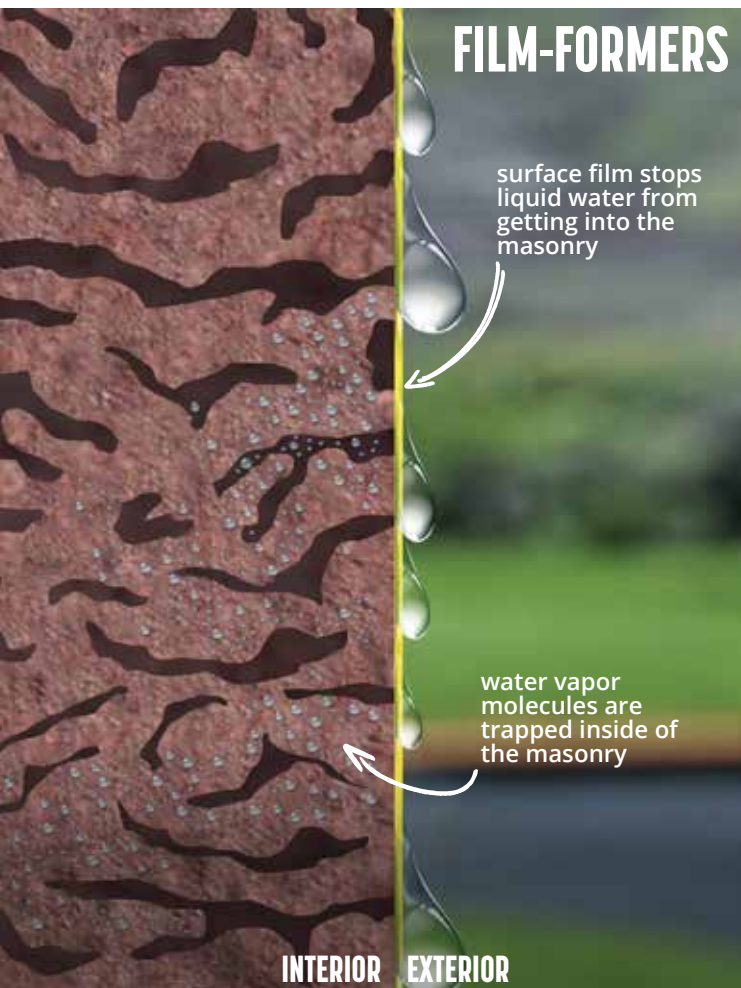

SPECIALTY STAIN REMOVERS

STAIN REMOVAL	CLAY BRICK	CONCRETE	UNPOLISHED STONE
ACID BURN	800 Stain Remover	Custom Masonry Cleaner	Requires specialized support 800-255-4255
ALGAE/LICHEN/MILDEW (biological)	2010 All Surface Cleaner, ReVive, ReKlaim*		
ASPHALT/TAR	Asphalt & Tar Remover		
CARBON (atmospheric)	SafRestorer, Light Duty Restoration Cleaner, ReVeal, Heavy Duty Restoration Cleaner, 766 Limestone & Masonry Prewash*	SafRestorer, Light Duty Restoration Cleaner, ReVeal, Heavy Duty Paint Stripper*, ReKlaim*, 766 Limestone & Masonry Prewash*	
COPPER STAINS	Copper Stain Remover, Ferrous Stain Remover, 800 Stain Remover, ReNew	Copper Stain Remover, Custom Masonry Cleaner, Heavy Duty Concrete Cleaner, ReNew	Copper Stain Remover, ReNew
EFFLORESCENCE	Light Duty Concrete Cleaner, Safety Klean, Vana Trol, 600, 101 Lime Solvent, Custom Masonry Cleaner		Light Duty Concrete Cleaner, Vana Trol, Safety Klean
GRAFFITI-PROTECTED SURFACE	Graffiti Remover, SafStrip 8, SafStrip		
GRAFFITI-UNPROTECTED SURFACE	SafStrip 8, SafStrip, Heavy Duty Paint Stripper*		
HARD WATER DEPOSITS	1261 Hard Water Deposit Remover	Requires specialized support 800-255-4255	
JOB DIRT/DUST/MUD/CLAY	Klean 'N Release, 2010 All Surface Cleaner, SafRestorer, Light Duty Restoration Cleaner, ReVeal		
LIME RUN	Vana Trol, Custom Masonry Cleaner, Heavy Duty Concrete Cleaner		Light Duty Concrete Cleaner, Vana Trol, Limestone Restorer
MANGANESE	800 Stain Remover, Ferrous Stain Remover	Vana Trol, Custom Masonry Cleaner, Heavy Duty Concrete Cleaner	Requires specialized support 800-255-4255
OIL/GREASE	Cleaner/Degreaser, Oil & Grease Stain Remover, Asphalt & Tar Remover + Marble Poultice		
PAINT/MARKERS/PENS	SafStrip 8, SafStrip, Safety Peel 1, Heavy Duty Paint Stripper*		
RUST/IRON	Light Duty Restoration Cleaner, ReVeal, 800 Stain Remover, Ferros Stain Remover, Iron Stain Remover	Light Duty Concrete Cleaner, ReVeal, Heavy Duty Concrete Cleaner, Iron Stain Remover	Requires specialized support 800-255-4255
SEALANT BLEED	Dicone NC9, Dicone NC15 Gel		
SEALER BLUSH	Iron Stain Remover Dicone NC9, Dicone NC15 Gel, Heavy Duty Paint Stripper*		
TIRE MARKS	Klean 'N Release, 2010 All Surface Cleaner, Asphalt & Tar Remover		
VANADIUM	Vana Trol, Ferrous Stain Remover, 800 Stain Remover	Requires specialized support 800-255-4255	
WAX	Graffiti Remover, Wax & Cure Remover, Cure & Seal Remover, SafStrip 8, SafStrip		
WHITE SCUM	White Scum Remover	Requires specialized support 800-255-4255	

*Neutralization Required

Film-formers vs. penetrants

Film-forming water repellents do just what the name implies – they seal the surface by creating a continuous film with the intent of keeping anything like moisture, contamination, and stains out of the substrate. However, in sealing the surface, moisture can become trapped inside the masonry and have no way of getting out; potentially leading to subflorescence, sealer blush, or even surface spalling.

In most cases, the better bet is to go with a penetrating protective treatment. Penetrants line the larger areas of the pore structure, preventing (relatively large) drops of liquid water from getting into the masonry, but leave the smaller areas open, allowing (relatively small) water vapor molecules to escape and the masonry to dry out.

You get all the benefits of a “sealer” by keeping out the bulk liquid water, the stains, and the contamination that you’re trying to avoid penetrating into your substrate. But you also maintain the natural permeance of that material. You’re not limiting a masonry substrate’s ability to breathe or dry when water does inevitably get in.

WATER REPELLENTS

Concrete Silane WB 20 & WB 40

WATER-BASED SILANE EMULSIONS

These high-grade, penetrating water repellents resistance the damaging effects of water intrusion, freeze-thaw cycles, and chloride intrusion. Available in 20% and 40% silane versions.

PROTECTS HORIZONTAL & VERTICAL CONCRETE

H40

MASONRY-STRENGTHENING WATER REPELLENT

This deep-penetrating water repellent & consolidation treatment protects against deterioration caused by water & waterborne contaminants while strengthening weathered surfaces & soft mortar joints.

PROTECTS BRICK, NATURAL STONE, CONCRETE, & MORE

H100 Consolidation Treatment

STONE & MASONRY STRENGTHENER

This ethyl silicate solution penetrates deeply into the deteriorated masonry to bind the stone particles together, and protect it from water-related deterioration.

PROTECTS SANDSTONE, LIMESTONE, CAST STONE, STUCCO, BRICK AND TERRA COTTA

Interior Masonry Dustproofers

PREVENTS DUSTING ON INTERIOR MASONRY

Prevents dusting and provides water resistance to recently exposed older interior masonry. It dries to a clear, matte finish and retains the substrate's natural breathable properties.

PROTECTS BRICK, MORTAR, NATURAL STONE, & MORE

Sand Joint Stabilizer

PAVER JOINT CONSOLIDANT & WATER REPELLENT

This durable, blended polymer consolidates and controls erosion of loose sand joints. It protects treated paving from water penetration and related staining.

PROTECTS CONCRETE, CLAY, & NATURAL STONE PAVERS

Silane 40

CLEAR PENETRATING WATER REPELLENT

This 40% active silane chemically reacts with the substrate to protect it against water and waterborne contaminants. Its low viscosity and small molecular size allow maximum penetration.

PROTECTS CONCRETE AND MASONRY

Silane 100

PENETRATING SILANE WATER REPELLENT

This 100% active silane offers invisible protection against water and waterborne contaminants with up to 5 times the coverage rate of typical solvent-reduced protective treatments.

PROTECTS CONCRETE AND MASONRY

Siloxane PD

LONG-LASTING WATER REPELLENT

It helps masonry resist cracking, spalling, staining and other damage related to water intrusion and will not impair the masonry's natural breathing characteristics.

PROTECTS CONCRETE, MOST MASONRY, & STUCCO

Siloxane WB Concentrate

PROTECTS DENSE OR POROUS MASONRY

Penetrates and chemically bonds deep within the masonry to provide long-lasting protection against water-related staining or deterioration. It's an effective alternative to conventional solvent-based products.

PROTECTS DENSE OR POROUS MASONRY SURFACES

SingleStep

CURE & SEAL FOR CONCRETE

Cures and weatherproofs concrete in one step. It quickly penetrates to form a water-repellent gel in the pores and a semi-glossy film on the surface. This film keeps concrete moist until it reaches maximum hardness.

PROTECTS CONCRETE

SL100 Water Repellent

"NEAT" SILANE WATER REPELLENT

Protects concrete and masonry surfaces against water and waterborne contaminants. The small molecular structure ensures maximum penetration and colorless protection of dense, color-sensitive surfaces.

PROTECTS GFRC, COLORED PRECAST CONCRETE & MORE

SL40 Water Repellent

40% "NEAT" SILANE WATER REPELLENT

SL40 protects concrete and masonry surfaces against water and waterborne contaminants. Its low viscosity and small molecular size allows maximum penetration into the concrete or masonry surfaces.

PROTECTS GFRC, COLORED PRECAST CONCRETE & MORE

WATER REPELLENTS

Blok-Guard & Graffiti Control

WATER & GRAFFITI REPELLENT

The Blok-Guard & Graffiti Control family of products weatherproofs masonry surfaces and protects them from repeated graffiti attacks. Graffiti removal from treated surfaces is fast and easy using PROSOCO's Graffiti Remover. It is available in multiple water-based, solvent, and VOC-exempt solvent versions to fit the project needs. These non-sacrificial coatings hold up to repeated graffiti attacks and removal.

PROTECTS CONCRETE, BRICK, PLASTER, TERRA COTTA, LIMESTONE, AND MOST TYPES OF NATURAL STONE

**PROTECTS AGAINST
GRAFFITI**

**PROTECTS AGAINST
WATER**

**BREATHABLE - WILL NOT
TRAP MOISTURE**

Saltguard

DEEPLY PENETRATING WATER AND SALT BARRIER

The Saltguard family of products protect horizontal and vertical surfaces from moisture intrusion and chemical attack of chloride salts, reducing rebar corrosion and surface spalling. Saltguard also provides excellent protection for retaining walls, bridge pilings and other vertical areas. In coastal areas, Saltguard protects against salt air by reducing chloride penetration. Available in solvent, water-based, and VOC-exempt solvent versions.

PROTECTS CONCRETE, CONCRETE BLOCK, CONCRETE BRICK & CLAY BRICK

**PROTECTS AGAINST
DE-ICING SALTS**

**PROTECTS AGAINST
WATER**

**BREATHABLE - WILL NOT
TRAP MOISTURE**

Natural Stone Treatment

LONG-LASTING WATER REPELLENT

Natural Stone Treatment products provide long-lasting protection without altering the natural appearance of the substrate. Treated surfaces resist biological staining and degradation caused by fungal growth, mold and mildew. Since natural stone is calcareous, it does not contain the silica that traditional silane/siloxane water repellents need to react with. Natural Stone Treatment's modified siloxane formula reacts with calcareous substrates to provide long-lasting protection. Available in solvent, water-based, and VOC-exempt solvent versions.

PROTECTS LIMESTONE, MARBLE, TRAVERTINE & OTHER MASONRY

**PROTECTS AGAINST
WATER**

**FORMULATED FOR
CALCAREOUS STONE**

**BREATHABLE - WILL NOT
TRAP MOISTURE**

ACCESSORIES

Adhesive

LANDSCAPING / CONSTRUCTION ADHESIVE

Bonds tenaciously to almost any building material including masonry, concrete, glass, metal, plastic, rubber, wood, and more. PROSOCO Adhesive even bonds to materials when they are wet.

Tool & Equipment Cleaner

REMOVES CEMENT BUILDUP, SPLATTER & SLURRY

Cleans cement buildup from metal, plastic, fiberglass, glass, and rubber tools. It also cleans machinery and equipment including mixers, forms, pumps, and concrete grinding, polishing, or cutting equipment.

WATER REPELLENTS WITH GLOSS/COLOR ENHANCEMENT

Color Enhancer

COLOR ENHANCING PROTECTIVE TREATMENT

These long-lasting, penetrating water repellents deepen and enrich the natural color of new surfaces, and revive faded, weathered colors to better than new -- inside or out.

PROTECTS CLAY, CONCRETE & STONE PAVING

DuraSheen

HIGH-GLOSS PROTECTIVE TREATMENT

Protects with a tough, chemically resistant, glossy finish that guards against weather, stains, chemicals, food, drinks and more. It adds luster and brings out the real beauty of clay and stone pavers.

PROTECTS PAVERS & HORIZONTAL CONCRETE

Gloss 'N Guard

HIGH-GLOSS SHIELD FOR MASONRY

This highly durable protective coating dries to a high-gloss finish, which enhances the natural beauty of polished and unpolished masonry and makes maintenance cleaning simple and easy.

PROTECTS TILE, PAVERS, TERRAZZO & MORE

Paver Enhancer

HIGH-GLOSS PROTECTIVE TREATMENT

Penetrates and reacts with the surface, providing long-term durability, alkali resistance and superior breathability to interlocking concrete, fired clay, porous tile and many types of natural stone.

PROTECTS PAVERS, INTERLOCKING CONCRETE & MORE

Satin Guard WB

WATER-BORNE PROTECTIVE SHIELD

This highly durable coating guards against water penetration and enhances the natural beauty of treated surfaces. It provides a range of aesthetics, from a satin finish to a gloss finish.

PROTECTS TILE, PAVERS, TERRAZZO & MORE

CONSOLIDATION TREATMENTS

H100 Consolidation Treatment

STONE & MASONRY STRENGTHENER

This ethyl silicate solution penetrates deeply into the deteriorated masonry to bind the stone particles together and protect the surface from water-related deterioration.

PROTECTS SANDSTONE, LIMESTONE, CAST STONE, STUCCO, BRICK & TERRA COTTA

H40

MASONRY-STRENGTHENING WATER REPELLENT

This deep-penetrating water repellent & consolidation treatment protects against deterioration caused by water & waterborne contaminants while strengthening weathered surfaces & soft mortar joints.

PROTECTS BRICK, NATURAL STONE, CONCRETE & MORE

HCT

STONE & MASONRY STRENGTHENER

Protects and strengthens deteriorating carbonate building stones. HCT dramatically increases the resistance of marble and limestone surfaces to acid rain, air pollution, and normal weathering.

STRENGTHENS LIMESTONE, MARBLE & TRAVERTINE

OH100 Consolidation Treatment

PENETRATING STONE & MASONRY STRENGTHENER

Stabilizes masonry by replacing the natural binding materials lost due to weathering with silicon dioxide. OH100 penetrates deeply to strengthen the masonry while retaining its natural vapor permeability.

STRENGTHENS BRICK, NATURAL STONE, TERRA COTTA & MORE
