the Consolideck concrete flooring system

Thornton Aircraft Company // Van Nuys, CA
densified with LS // protected with LS Guard

Big Sandy Elementary School // Moundville, AL
colored with GemTone Stain // densified with LS // protected with LS Guard

420
MILLION GALLONS OF WATER

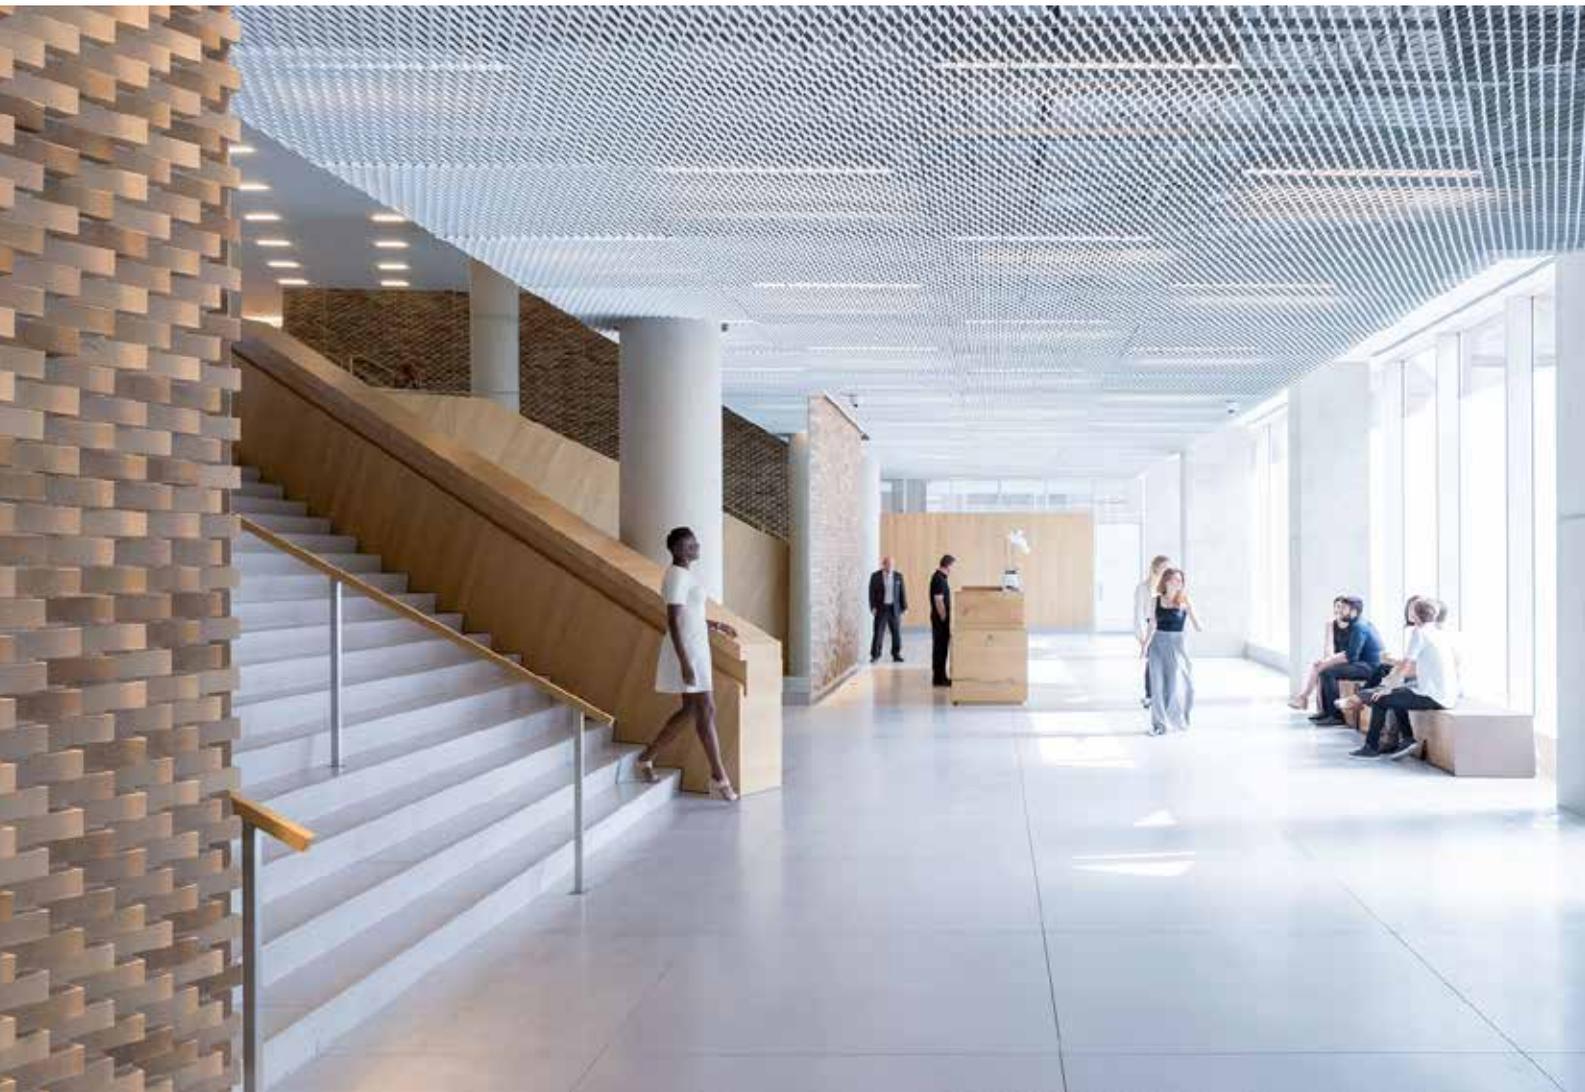

Unlike other densifiers, Consolideck densifiers don't need to be scrubbed or flushed. This saves water... Lots of it. In fact, more than 420 million gallons of alkaline rinse water have been saved as a result of the 700 million square feet of Consolideck floors installed across the U.S.

University of Wisconsin-Superior // Superior, WI
densified with LS // protected with LS Guard

Enka Intermediate School // Candler, NC
colored with GemTone Stain // densified with LS // protected with LS Guard

Via 57 West// New York, NY
densified with LS // protected with Concrete Protector

Price Cutter // Springfield, MO
colored with GemTone Stain // densified with LS // protected with LS Guard

Google Chicago Headquarters // Chicago, IL
colored with ColorHard // densified with LS and LS/CS // protected with PolishGuard

80 MILLION SQUARE FEET

More retailers are turning to polished concrete... it's beautiful, easier to maintain and leaves a smaller impact on the environment. Shopko, Kroger, Walmart, O'Reilly Auto Parts, HyVee, and Gerbes Super Market installed a combined 80 million square feet of polished concrete floors in 2016.

ETSY Headquarters// Brooklyn, NY
densified with LS // protected with PolishGuard

Enka Intermediate School // Candler, NC
colored with GemTone Stain // densified with LS // protected with LS Guard

R.W. Kern Center at Hampshire College // Amherst, MA
densified with LS // protected with LS Guard

Tse'biinidzisaigai Elementary School // Monument Valley, Utah
colored with ColorHard // protected with Guard EXT

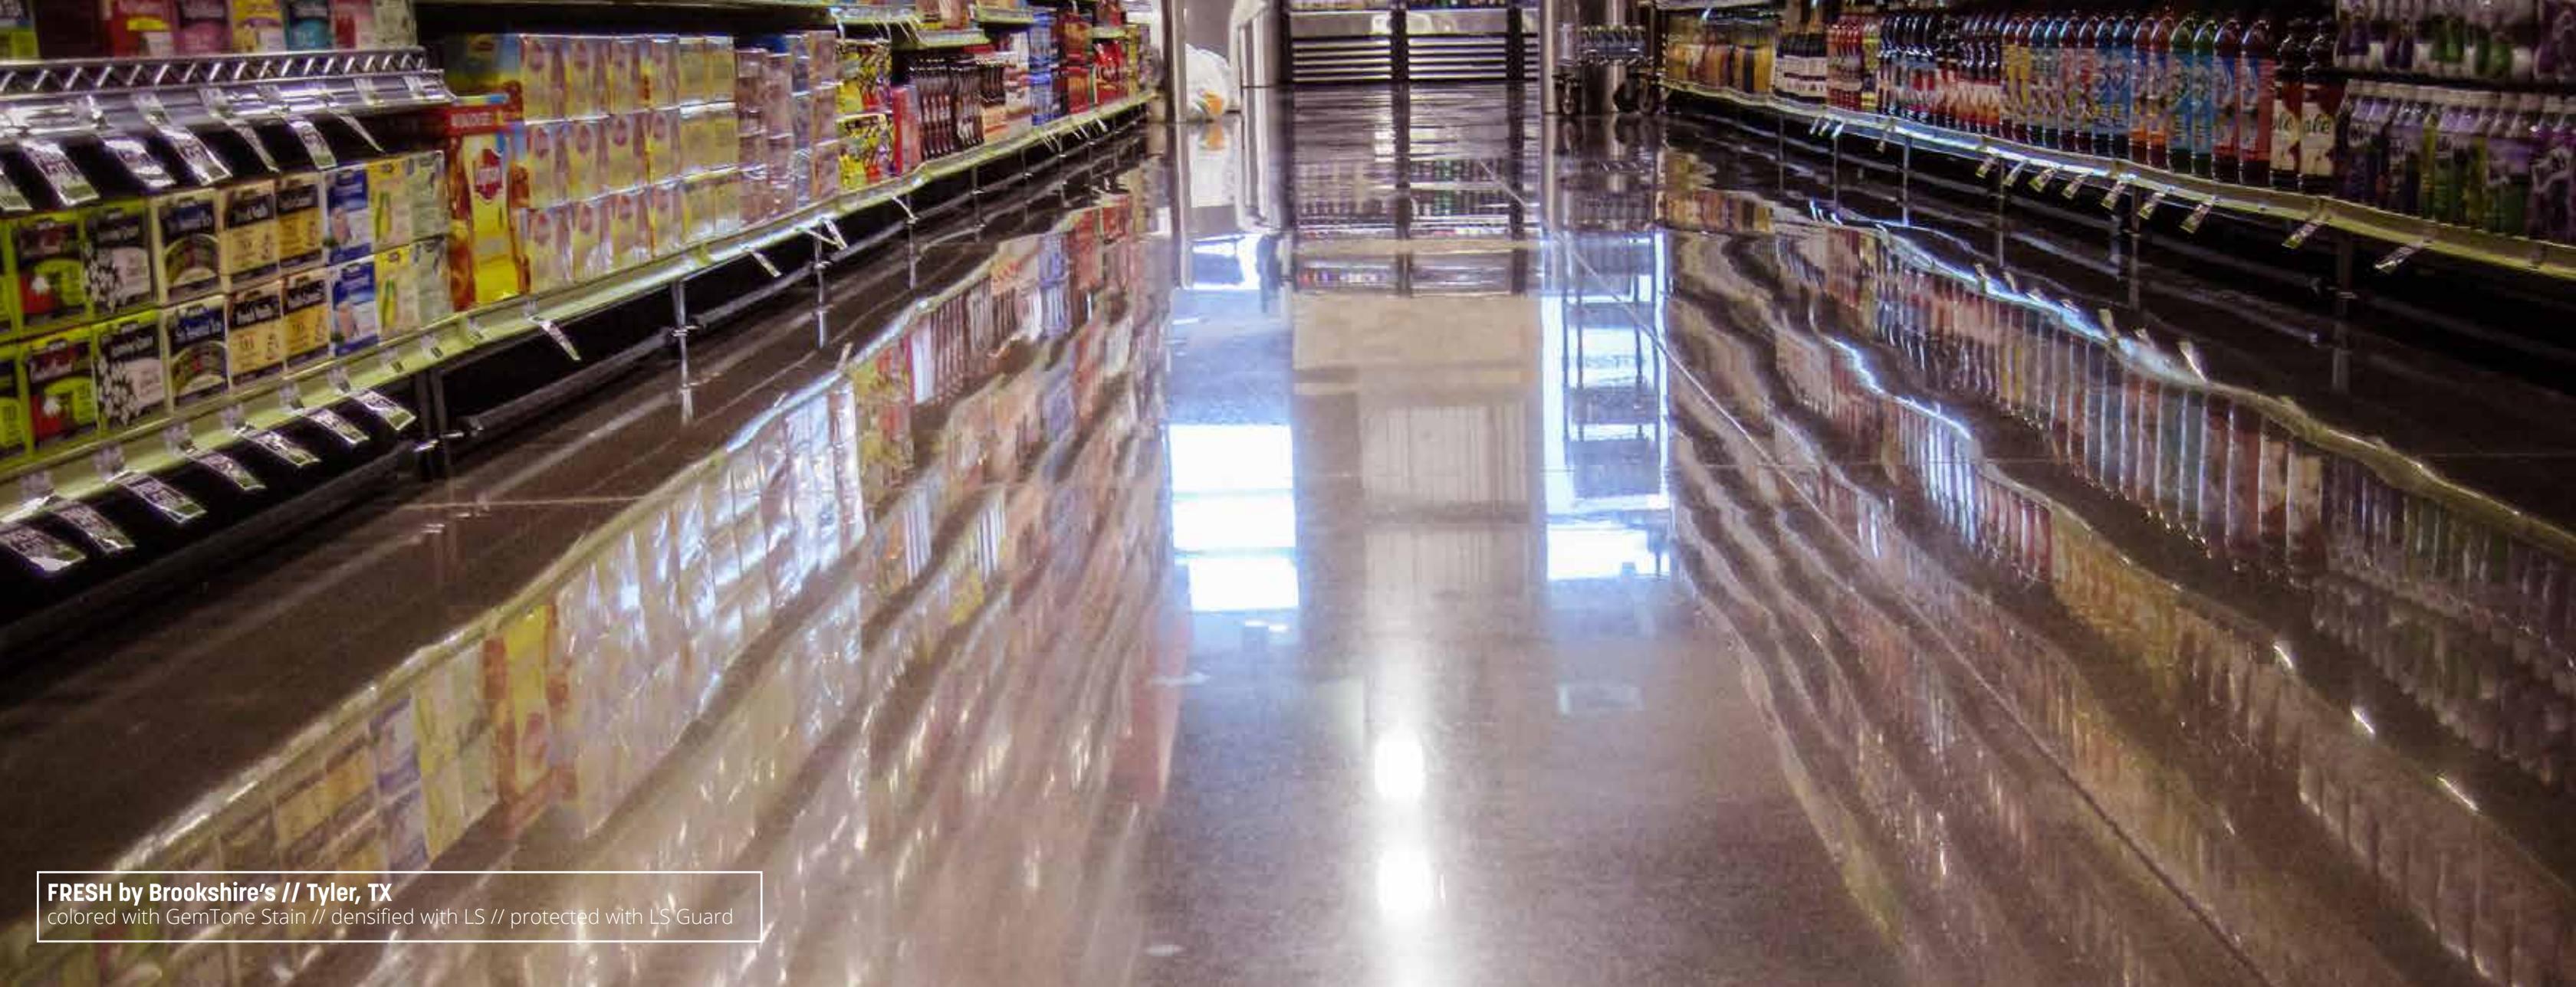

Big Sandy Elementary School // Moundville, AL
colored with GemTone Stain // densified with LS // protected with LS Guard

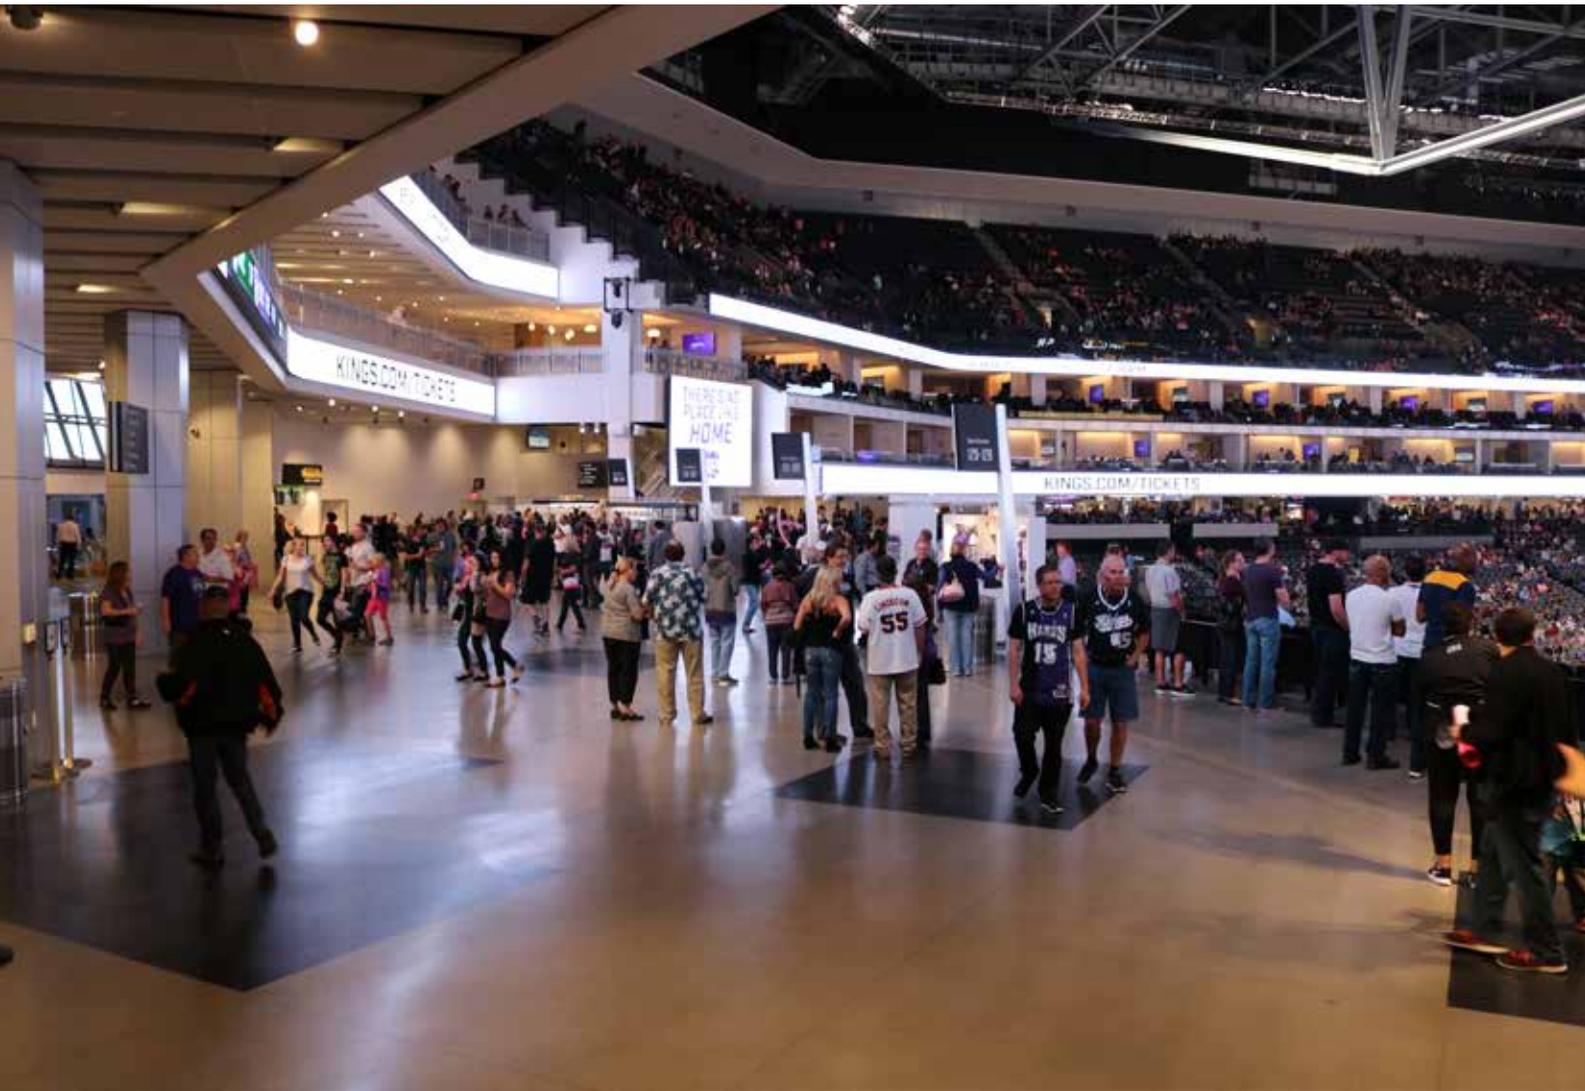

90,000
LBS OF VCT TILE

It takes more than 90,000 pounds of vinyl composite tile or linoleum to cover a 50,000-square-foot concrete floor. But it only takes 3,600 pounds worth of Consolideck products to bring that same concrete floor to polished perfection.

FRESH by Brookshire's // Tyler, TX
colored with GemTone Stain // densified with LS // protected with LS Guard

Golden 1 Center // Sacramento, CA
densified with LS and LS/CS // protected with LS Guard

Private Residence // Truckee, CA
densified with LS // protected with LS Guard

PROSOCO Warehouse // Lawrence, KS
densified with LS // protected with SLX 100

How long does a floor
★ **LAST** ★
→

A properly maintained carpet floor will last up to 9 years. A properly maintained vinyl composite tile floor will last up to 15 years. A properly maintained concrete floor will last the life of the building.
