

## NO-HASSLE DUSTPROOFING

Spray on. Spread out. Done! Get immediate results with Consolideck LS/CS, an advanced alternative to conventional sodium or potassium silicate surface hardeners.

### Get Results

Create lasting results that improve appearance, surface abrasion and occupant health.

Combat surface ASR (Alkali Silicate Reaction).

Will not yellow, discolor, peel or flake.

### Save Money

Less time + better coverage = more profit.

No scrubbing or flushing = less time, less labor, fewer hassles.

Ask your representative for our project cost estimator.

### Be Worry-Free

Extended dustproofing warranty

Treated surface is easy to maintain and requires no waxing.

No excess material to collect and dispose of properly.

## COST COMPARISON

Consolideck LS/CS

**\$21**  
per gallon

sodium silicate densifier

**\$14**  
per gallon

Material Cost

**CONSOLIDECK**  
coverage rate: 600 ft<sup>2</sup>/gal // 117 gallons needed // \$2,450

**SODIUM SILICATE DENSIFIER**  
coverage rate: 200 ft<sup>2</sup>/gal // 350 gallons needed // \$4,900

Labor Cost

**CONSOLIDECK**  
no scrubbing, no flushing  
52 man hours // \$1,037

**SODIUM SILICATE DENSIFIER**  
needs to be scrubbed & flushed // 137 man hours // \$2,745

\*Amounts based on 70,000 ft<sup>2</sup> project
